FROM THE DIRECTOR'S DESK...

Autumn Fires

In the other gardens
And all up in the vale,
From the autumn bonfires
See the smoke trail!

Pleasant summer over,
And all the summer flowers,
The red fire blazes,
The grey smoke towers.

Sing a song of seasons!
Something bright in all!
Flowers in the summer,
Fires in the fall!

Poem excerpt by Robert Louis Stevenson

Time to transition once again to the fall. Plenty of projects happening in the Parks, Recreation & Forestry Department.

• After a few frustrating delays, we are back to completing work on the Ashwaubomay River Trail bridge. The full trail will hopefully open this September. We plan on doing a fun ribbon-cutting ceremony...so keep your eyes open to our Facebook page for the date!

• Following up with the River Trail, we have gotten approval from Village Board to continue the trail planning process around the exterior of Ashwaubomay. The trail would go behind the Lake, follow the southern park / Village border and then loop around to the old boat launch.

• Staff will be working to complete some playground "climber" replacements at Pioneer Park (2570 Timber). We hope you will like the new equipment! A late August/September install is expected.

• Smith Park (2331 Shady) playground replacement was completed in early July. Go check it out with the kiddo's!

• We are working to add additional walking trail and a "boardwalk into the woods" at Argonne Park. We are in the design phase right now....with installation planned for 2024.

• We are also looking to eliminate some of the phragmites at the entryway into our Village on the corner of I-41 and Lombardi Avenue. Most of the property is DOT right-of-way. If approved, it will be a multi-year project for treating the invasive.

• We have received notice from the US Fish & Wildlife that we have received additional GLRI/NRDA grant funding! This will be used to add fish and wildlife habitat around Ashwaubomay Park, as well as the Dutchman's Creek confluence with the Fox. It will also address more invasive species removal, park shoreline stabilization, and may also help us with a long anticipated kayak launch. Details are still being developed....

See page 9 for some pictures of project we have been working on in 2023!

• Don't forget our last food truck rally of the season on Thursday, September 14th, with an Oktoberfest theme at Ashwaubomay Park. Prosit!

• We want to give a huge THANK YOU to all of our sponsors for our summer "Concert in the Park" music series @ Klipstine, our popular "Food Truck Rally" series @ Ashwaubomay, and our special event and program sponsors/partners. Without these people and businesses, our programming would not be near the current level/standard that everyone enjoys. Again, THANK YOU!!!

From our Park, Recreation & Forestry family to yours, have a great fall and winter season!

GENERAL INFORMATION

ATTENTION FAMILIES OF SMALL CHILDREN IN THE ASHWAUBENON SCHOOL DISTRICT

The school district would like to collect census data from ALL resident families with children ages 0-5 years. A School Census form is online at www.ashwaubenon.k12.wi.us/publications or in the district calendar mailed to Ashwaubenon residents in August. The district would also like to be made aware of children with potential problems in the areas of learning, behavior, physical/developmental disabilities and speech/language. This is a requirement of the Federal Law. If you have concerns, please contact Cormier School at 920-448-2870 to request an Ages & Stages Questionnaire.

ASHWAUBENON FAMILY RESOURCE CENTER

The Ashwaubenon Family Resource Center in conjunction with The Ashwaubenon School District has openings for our fall preschool programs! Our most popular APPL program held at Ashwaubenon High School, is a once per week 2 hour class held on Tuesday, Wednesday, or Thursday mornings or a 1.5 hour class held on Thursday evenings. Class time includes planned family activities, followed by parent discussion groups while children attend preschool. "Parent's Day Out" and other special events are also planned. Financial assistance is available. Call 920-492-2950 ext 5345 or email Maria Andersen at mandersen@ashwaubenonk12.org

VOLUNTEER OPPORTUNITIES

VOLUNTEERING IN THE SCHOOLS

The Ashwaubenon School District invites all citizens to consider volunteering in the schools. There are a variety of volunteer opportunities at Cormier, Valley View, Pioneer, Parkview and the High School.

Volunteers can serve as classroom helpers, assisting teachers with reading activities, math facts, spelling review and serve as test and computer supervisors. In addition, the district is looking for citizens willing to periodically read to classes and to help with special projects. Serving as a mentor or guest speaker and sharing information about careers, travel, hobbies and life experiences are still another way in which citizens can be utilized.

Volunteer opportunities are available for once a week, monthly, or on an "as needed" basis. Commitments are generally for an hour or two in a variety of time slots. Volunteer activities are flexible to accommodate citizens who travel or go south for the winter.

Assignments will begin in September. A complete list of volunteer opportunities will be listed and continually updated on the school district website at www.ashwaubenonk12.wi.org/volunteeringcln. Anyone interested should contact, Coordinator of Volunteers, Kathy O'Brien at (920) 360-4033 or kobrien@ashwaubenonk12.org or call the school district office at 492-2900.

Look for our quarterly 55+/Senior citizen newsletter. If you would like to be added to our e-mail or mailing list, please contact the Ashwaubenon Parks, Recreation & Forestry Department at 492-2331 or seniors@ashwaubenon.gov

MCKAYLA MARIE SWEETS

While McKayla Marie Sweets opened fall of 2022, it truly began 20 years ago, when I would bake with my mom around the holidays. I fell in love with the kitchen, and knew early in elementary school that I wanted to open a bakery someday! After graduating high school, I moved to New York to attend the Culinary Institute of America, and received a degree in Baking and Pastry Arts. I've lived in Georgia and Chicago, working in the pastry kitchens of luxury hotels, where we made everything from scratch — breads, pastries, cakes, ice cream, and chocolates. Eventually, I was ready to move back home and open my own storefront! At McKayla Marie Sweets, we specialize in all things dessert, including macarons, cookies, bars, brownies, cupcakes, and specialty cakes. Our mission is to provide the community with fresh, from scratch desserts that are made with the highest quality ingredients we can get our hands on! Learn more about this small business owner at this presentation. She will cover topics such as how she got started and her journey to becoming a successful entrepreneur.

Oh No!! Santa needs our help ... and fast! He sent out his Scout elves to watch all the good little girls and boys this year, but some of the elves decided playing in the parks would be more fun. We need your help to find them! Santa has tracked them to some of the parks in Ashwaubenon. Can you help us?

Santa will update us each week beginning Nov. 27th with the names of the elves that are missing.

Head to our Facebook page:

<https://www.facebook.com/ashwaubenonparkandrec>

Santa will give us his update every Monday beginning Nov. 27th.

Follow our page to keep up-to-date on which parks we have tracked the elves to and which elves are still missing!

Your Mission: Head to the Parks on the list and search for the missing elves.

Remember, elves love to hide and can be tricky to find!

If you find an elf

1. Take a **sELF**ie with him and send the picture with your name and the park to mescoto@ashwaubenon.gov or text it to (920) 606-6357. Your picture may be used on our facebook page!
2. Return the elf to the Ashwaubenon Community Center (900 Anderson Dr.)

THINGS YOU SHOULD KNOW

CHANGING ROOM POLICY: Children 5 and older are asked to use appropriate changing rooms. We have also have 3 family changing rooms available in the warm water pool.

PARENT WATCH POLICY: Parents are welcome to watch, but with your child's interest in mind, we ask that you keep interaction with your child to a minimum. Our instructors have found that the quality of instruction has often been affected by parents and/or sibling distraction, interruptions and various other concerns during class time. We also feel it is most beneficial for children to have recreational time with their peers. Our instructors always welcome the opportunity to discuss participant's progress with parents. Please contact your instructor before or after class with any special concerns.

REFUND POLICY: If a participant cancels a registration, \$5 will be charged for processing with the balance of the activity fee being refunded. Cancellations may occur up to two days before an activity

unless there is a registration deadline. NO REFUNDS will be given after an activity has started

POOL TEMPERATURE: Competitive pool is kept at 81 degrees F and the warm water pool is kept at 89 degrees F.

LOCKER FACILITIES: The pool offers storage for your belongings while using the pool. There are lockers available in each locker room in that may be locked with a personal lock.

GOGGLES: For levels 1-3 we do not recommend goggles because children need to learn to be comfortable in the water without any aids. However, with the upper level classes, goggles are recommended as students are expected to spend significant amount of time doing a variety of skills with their faces in the water. Goggles will help to reduce eye irritation.

Please note: Mask type goggles with the nose piece attached are strictly prohibited.

ADOPT A PARK

The Village of Ashwaubenon would also like to show our gratitude and appreciation for the 2023 Adopt A Park volunteer's role in keeping our park facilities looking their best. These dedicated volunteers organize a minimum of three park cleanups per year and bring any maintenance needs to the attention of Village Staff. Below are the groups, individuals or families that deserve a word of thanks for keeping Ashwaubenon's parks clean.

REPORTS OF JAPANESE BEETLE ON THE RISE

Both adult and the grub stage of Japanese beetles cause serious damage to many landscape plants (more than 320 species) and turf grasses. The adult beetles skeletonize the leaves by chewing between the veins of the leaf tissues, devour the flowers (roses) and fruits (raspberries), and ultimately weaken the plant. Roses, birch, linden, grapes, raspberries, Norway maples, beans, apples, plum, crabapples, elms, beech, asparagus and rhubarb are some of its favorite delicacies.

Adult Japanese beetle

Huge swarms of these beetles can emerge in Wisconsin, with peak activity for six to eight weeks. Adult beetles are active during the daytime and can fly an average of 1 to 2 miles. The female beetle lays eggs on the ground, which hatch in about two weeks into white grubs that damage turf grass roots. An adult Japanese beetle is one-half inch long with a shiny metallic green body, coppery brown wings and a small tuft of white hairs surrounding its sides and posterior.

Control options for adult Japanese beetles and their grubs vary depending on the landscape plants. No treatment is needed for mature trees and shrubs because they have more tolerance to the feeding damage caused by the adults and will leaf out again the next year.

Skeletonizing damage from adults

MANAGEMENT OPTIONS

1. Small landscape plants such as roses, vegetable crops, strawberries and raspberries can be protected using floating row cover (white polyester spun bonded fabric) from afternoon until late evening hours. This fabric can be draped over the plant and pinned to the ground.
2. Hand-picking and drowning the beetles in soapy water is an option if their population is low.
3. For larger populations, standard contact insecticides can be used. Acelepryn (active ingredient chlorantraniliprole) is relatively new in the market and is known to provide good control on Japanese beetles; it is less toxic to bees compared to standard insecticides.
4. On fruits and vegetables, standard organic products such as neem oil and spinosad can be sprayed after the blooming period. The application should be repeated once every five to 10 days until mid-August.
5. **Japanese beetle traps should NOT be used for control, as they will attract thousands of beetles to a garden and can lead to more damage.**
6. Turf should not be irrigated during the beetle's active season to help prevent the insect from laying eggs there.
7. A preventive grub insecticide (with an active ingredient containing imidacloprid, halofenzide, clothianidin or thiamethoxam) can be scheduled for application to lawns before the end of July to prevent eggs from hatching.
8. By mid-August, a curative insecticide (carbaryl, clothianidin or trichlorfon) can be used to control young grubs in a lawn. Flowering weeds should be mowed before application and the lawn should be lightly watered afterward.

EMERALD ASH BORER

DON'T FORGET TO PROTECT YOUR ASH...

With the discovery of EAB in Ashwaubenon, the Village of Ashwaubenon encourages residents to chemically treat ash trees to prevent being killed by EAB. Residents are being encouraged to treat street trees on a preventative basis. A number of effective options are available, with many able to be done by homeowners while others require professional applicators. Below is a link to a great publication with the latest, research based information about treating for EAB.

www.emeraldashborer.wi.gov/articleassets/InsecticideOptionsForProtectingTreesFromEAB.pdf

Please remember to complete a Village of Ashwaubenon "Tree Work – Permit Application" before treating any street trees. Several reasons for this are:

- Ensuring trained, licensed contractors are complying with WI State laws and regulations and that RUP (Restricted Use Pesticides) are only be applied by professionals
- Record treatments in our inventory to guide future management decisions
- To minimize applications by unscrupulous contractors that may harm Ashwaubenon's urban forest

PRUNE OAK TREES NOW TO PREVENT SPREAD OF OAK WILT

The Village of Ashwaubenon encourages residents to schedule their oak trees for pruning this coming fall or winter. Village ordinance requires that oaks be pruned from July 15 to April 1 to minimize the spread of Oak Wilt (*Ceratocystis fagacearum*). Most oak wilt moves from diseased trees to healthy trees through roots that have become interconnected (root grafts). Oak wilt can also spread above ground by sap-feeding beetles. The fungus produces a sweet odor that attracts sap-feeding beetles who then feed on sap from fresh wounds, carrying the fungus on them and thus infecting healthy trees.

FALL IS TREE PLANTING TIME!

The Neighborhood Street Tree Planting Program will once again be offered in the fall of 2023. The planting program is a cost sharing partnership between the Village and its residents to promote the benefits of tree-lined streets. The resident pays for the tree while planting, maintenance and replacements will be the Village's responsibility.

A selection of suitable trees will be sent with an order form in early fall and planting will be done in late October or early November.

Interested residents are asked to call the Village Forester before September 15, 2023 to be included in the program.

In 2022, the Village of Ashwaubenon met the requirements to be a Tree City USA for the 30th straight year. Tree City USA is a nationally recognized program sponsored

by the National Arbor Day Foundation in cooperation with the National Association of State Foresters, USDA Forest Service, US Conference of Mayors and National League of Cities. The Tree City USA Program is designed to recognize those communities that implement a management program to effectively manage their public trees.

Large-Scale Ash Tree Removal

In March of 2020, the Village Board approved funding for a 5-year plan to manage Emerald Ash Borer (EAB) on public properties in Ashwaubenon. The plan outlines a comprehensive approach to manage the adverse impacts of EAB in our community on public right of ways, parklands, and other Village owned properties. A major component of this plan is to remove approximately 1056 inventoried ash trees in our neighborhoods and parks. Private contractors will be utilized for this work and after removing the trees they will also provide stump grinding and site restoration. Replacements trees will be offered, if appropriate for the site, the following year at no cost to residents choosing to have a new tree planted. Below is the current schedule for ash removals in 2024.

SPRING CLEAN UP 2024:

The Village of Ashwaubenon does have a spring clean up from mid-April through mid May where residents can put grass out to the curb for pickup. PROPER MAILBOX HEIGHT

During the winter season, unfortunately, several mailboxes are damaged during the snow removal process. This diagram shows the correct installation height to allow for the clearance of the snow plows.

Mailboxes not properly installed are at risk of damage at owner's expense/ replacement.

- The door of the mailbox should be flush with the back of the curb.
- 42" from the bottom of the mailbox to the top of the curb or minimum height of 48" from roadway.

A FEW WINTER REMINDERS

- It takes our crews 8-10 hours to plow the entire Village.
- The snow at the end of driveways happens in the normal process of snow removal.
- By Village ordinance, the Village crews will maintain the sidewalks in the school zones within 24 hours of a snowfall. All commercial sidewalks are to be cleaned of snow by the property owner within 24 hours of a snowfall.

MAPS & APPS

The GIS Department creates various GIS apps to view info such as property lines, air photos, garbage/recycle pickup, zoning, floodplains and more! They also publish many static maps that may be downloaded as PDF's. These maps include parks, construction, street dept. routes, utility maintenance & etc.

Visit Ashwaubenon.gov and, at the top of the page, click on 'Maps & Apps' to see what's available.

NEW APPS - There are several new GIS Apps that were recently added; including garbage/recycle routes, capital improvements, school district locator, & winter sidewalk maintenance. We are working to get more out soon.

Let us know what kind of app would be useful for YOU!

WITH THE SEASONS, DIFFERENT ORDINANCES ARE AFFECTED

Please keep in mind the following ordinance during the winter months:

19-3-190 Deposit of snow or ice on street:

No person shall remove any snow or ice from his premises, residence, parking lot, parking area, service station or business property onto any public right-of-way or property. Snow removed from public sidewalks shall not be stored in any manner which will obstruct or limit a vehicular or pedestrian vision, movement or access.

In summary, we ask that property owners not clear out their driveway and push the snow into the street.

LANDLORD AND TENANTS

The Village of Ashwaubenon has adopted NFPA 14.4.1 general, means of egress shall be continuously maintained free of all obstruction or impediments to full instant use in case of fire or other emergency.

If there is a ground level patio door and/or entrance door, there must be access to the outside, and a shoveled walkway.

Also, 5-4-607 Driveways and sidewalks: All sidewalks, steps, porches, driveways and parking spaces shall be maintained in good repair and in such condition as not to pose a hazard to public health and safety.

Please have a fun and safe winter season and if at any time you have question or concerns, please feel free to call us at 492-2309.

NO OVER NIGHT PARKING

By Village Ordinance 7-4-103 there is no overnight parking on any streets from November 1st through March 31st. Due to the size of the plow trucks it is very hazardous to try to maneuver around parked vehicles. Please be cautious during the winter months and be observant to the weather conditions to ensure that your vehicle is not parked on the roadway during these months.

LEAF COLLECTION

Fall leaves provide beautiful color on trees, but in local waters, they contribute to algae blooms—not pretty!

Options to deal with leaves so they don't impair the health of waterways include:

1. **Mulching** - you can mow over leaves & leave them on the land
2. **Composting** - mix leaves with other lawn trimmings to create a rich soil for landscaping
3. **Raking & Collecting** - be sure to follow community collection policies and cover leaves with a tarp between pick-up times
